Application Serial No. 10/522,201

Filed: February 16, 2006

For: AUTOMATIC DETECTION AND RESOLUTION OF FIBER CABLING
ERRORS IN OPTICAL NETWORKS**RENEWED PETITION UNDER 37 CFR 1.10(c)**Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

In response to the Decision on Petition Under 37 CFR 1.10(c) dated May 12, 2006, applicant hereby renews its petition to correct the receipt date of the national stage submission for the above identified application.

The original request for correction was denied owing to failure to establish item that the number of the Express Mail mailing label was place on the papers filed with the original mailing and the failure to provide a true copy of the Express Mail mailing label.

Submitted herewith is a copy of the post card which was filed with the papers. The post card identifies the papers included with the filing as well as the number of the Express Mail mailing label. The card also bears the PTO receipt stamp of 21 January 2005. It appears as though the receipt date is in error as it predates the mailing date of the papers.

Also submitted herewith is a true copy of the Express Mail mailing label. The undersigned hereby certifies that it is a true copy. Although difficult to read on the copy, the label bears a handwritten date of "1 24 05" in the Date In block as well as a stamped date of

Application No. 10/522,201

January 24, 2005. The "4" of 24 is more clearly visible on the copy. The undersigned will produce the original of the Express Mail mailing label if requested.

These documents, together with the evidence submitted with the original request, establish that the application was deposited with the USPS on January 24, 2005 and that this is the date to which should be indicated as the date of receipt of the National Stage papers.

Respectfully submitted,

June 13, 2006
